A DISTRESSING ACCIDENT -Mr. John T. Davis, son of Thomas W. Davis, Esq., met with a fatal accident on Friday afternoon. It seems he frequently amused himself by shooting at a target, and shortly after dining strolled up the railroad to the White Oak Spring, on the land of his kinsman, Mr. S. Wright Wysong, about half a mile from town. Near the spring he loitored some time, jesting with the track hands, and on leaving them went to the spring, as was supposed, to practice with his pistol as usual. After a brief interval, one of the men going to the spot found Mr. Davis fatally wounded, and he expired in a few moments. Mr. Davis was nineteen years of age, of fine appearance, pleasing address, genial, warm-hearted and affectionate, and was much loved by

large and rapidly increasing circle of friends. LIST OF ADVERTISED LETTERS remaining n the Post Office at Charlestown, Jefferson county, W. Va., September 3, 1881.

We offer again to the Farmers of Jefferson County, and to our neighbors of Virginia, West Virginia and Maryland these well established Fertilizers.

The County of Jefferson was known as the "Banner Wheat-Growing County" of the Oid Commonwealth of Virginia. Statistics in the days before the war having shown that she produced more wheat to the acre than any County in the State. duced more wheat to the dots.

In the State.

By good Farming and better Fertilizing old Jefferson will even surpass her ancient record. If farmers will look to the farming, we will pledge ourselves to supply them with RELIABLE HOME-MADE FERTILIZERS. Read below letters from a few of many well-known farmers of

ters from a few of many well-known farmers of Jefferson, Maryland and Virginia: Jefferson, Maryland and Virginia:

Charlestown, July 14, 1880.

Messrs. Lippitt & Co..

Gentlemen—In response to your enquiries. I will say that your Potomac Fertilizer used by me last fall gave me entire satisfaction. I used about 200 pounds to the acre and have threshed and sold 22 bushels of Prime Wheat to the acre where it was used. I shall use it again this fall.

JOHN F MYERS.

where it was used, I shall use it again this fall.

JOHN F MYERS.

Charlestown, July 16, 1880.

Messrs. Lippitt & Co...
Gentlemen—I used last fail, two tons of your Shenandoah Fertilizer. In my seeding, it drilled to my entire satisfaction, and my yield of Wheat to the acre was the largest I ever raised. I intend to use it this fall. Respectfully yours,

Kabletown, Jefferson Co., W. Ya., July 21, 1880.

Messrs. Lippitt & Co., Charlestown:
Gentlemen—I used a large amount of your "Shenandoah Ammoniated Bone Phosphate" and some "Potomac" has fall on my wheat, and with a very satisfactory result. I consider them equal in every respect to either "Turner's" or "Bradley's," both of which cost more money.

Your truly, LOGAN OSBURN,
Charlestown, July 16, 1880.

Messrs. Washington & Lippitt..
I have used your Shenandoah Fertilizer by the side of two other good fertilizers, and I can say it did equally as well as either of them. It drilled better than any I ever used.

Respectfully yours, AUGUSTINE CAIN.

Messrs. Luppitt & Co.,
Gentlemen—I used your Shenandoah Ammoniated Bone Phosphate on my Wheat last fall.
I have returns from my crop, which yielded me
24 bushels per acre on one field, and 25 bushels per acre on another where I used your "Shen-andoah." I used other fortilizer and profor yours. Will use it cobretty this fall on my farm. Yours truly, JOHN A. WASHINGTON.

Yours truly, JOHN A. WASHINGTON.

Charlestown, July 30, 1880.

Messrs. Lippitt & Co.,

Gentlemen-I used your "Shenandoah" Fertilizer last fall, together with three other kinds.

The Shenandoah raised me decidedly more wheat than any of the others, and I shall use it aloue this fall. I also used in the fall of 1878, some of your Chicago Ground Bone, with fine effect on Wheat and Grass. I found the grass upon which the Bone had been used continued green and vigorous, whilst elsewhere it was parched to the ground.

Charlestown, July 30, 1880.

parched to the ground. JOHN H. HALL..

Charlestown, July 30, 1880.

Messrs. Lippitt & Co..

Gentlemen—I used your "Shonandonh" Fertilizer on a very thin field, 175 pounds to the acre. I have threshed 15½ bushels of Prime Wheat to the acre. On a small portion upon which I used no Fertilizer as an experiment, I am satisfied the yield was not 1½ bushels to the acre.

Yours truly,

Bornwille, Wa. July 20, 1880.

Yours truly,

Berryville, Va., July 22, 1880.

This certifies that I used Lippitt & Co.'s Fertilizers last season at the rate of 200 lbs. to the acre, and am well pleased with the result.

Charlestown, Jeff. Co., W. Va., July 39, 1890.
Mesers. Lippitt & Co.,
Gentlemen-I used two tons of your "Shenandeah Ammoniared Bone Phosphate" hast fall with very satisfactory result. I found the wheat atood the drought better than where I used some other brands. I have threshed the wheat and it made 25 bushels per acre on ordinary land. I need 150 pounds per acre. I expect to use it again this fail. Yours respectfully.

Geatlemen—I used two tons of your "Potomac Dissolved Phosphate." I am in every way pleased with it. I have not threshed my crop yet, but am satisfied it is the best crop I have had for several years. It drills well, and I shall use it again.

Yours truly, J. H. SMITH.
Farmwell, Loudenn Co., Va., July 17, 1850.
Mesers. Lippitt & Co.,
Gentlemen—Iu reply to your asking for the result of your Fertilizer (Shenandosh), I will simply say that I am more than pleased with it. I used of it from 140 to 150 lbs, side by side with Moor's, of which I need from 160 to 170 lbs. and the yield of yours was nearly double that of Moor's, which in our part of the country is considered among the best that is used. You may send me Ten Tons of it this fall.

Respectfully yours, W. C. SELDEN.

Kabletown, Jeff. C., W. Va., July 15, 1880.

Messrs, Lippitt & Co.

Genthemen—I used your "Shenandoan" and "Potomac" Fertilizers on my wheat this season.
As compared with other higher priced Fertilizers I am well pleased with it. It drills well, and I consider it an excellent article.

Yours truly.

August 9th, 1881.

Gentlemen—I used your Shenandoah last season with great satisfaction. Though the season has been usfavorable and wheat not yielding well. My wheat made me 17 bushels to the acre where I used your Fertilizer, and it is of good quality, I expect to use it again this fall. It drills well. Respectfully yours.

Summit Point. W. Va., August ord,
Messrs. Lippirt & Co.,
I used your Sheuandonh Phosphate this season
and am much pleased with its results. My
wheat yielded 23 to 25 bushels to the load, with
125 pounds to the acre. On a portion of land,
where for experiment I applied from 250 to 500
nounds to the acre, the wagon loads yielded 33
bushels each, on thin corn land wheat.

#### FERTILIZERS.

W E have converted our Funkstown Mill, with its immense Water Power, into a first-class Bone Mill and Fertilizing manufacturing establishment. By grinding with water power we chabeat the State for economical work. Our power is ample, and we are producing a Bone Meal that contains double the Flour of Bone produced by any other mill in the county. In offering to the Farmer our goods we guarantee them as represented in every respect.

PRICES:

Pure Dissolved " " 88.00 Our Ammoniated Bone Phosphate, the bulk of which is Dissolved Bone, 85 00 "

The highest grade of South Carolina Dissolved Bone, 25.00 " Carolina Bissolved Bone, 20.00

Farmers can rely upon any of these goods being as represented. If they should be found adulterated we will for feit the goods.

The above prices are as low as honest goods can be sold. Beware of goods effered at lower prices. We buy in 100 ton lots for cash, and have the lowest freight rates, and will give the farmers these goods at a small margin. Our mill is always open to your inspection. Give us a call before you buy. We will show you just what you are getting.
